# Mission Statement

The National Academy of Television Arts & Sciences, New York Chapter conducts activities that cultivate, promote, and encourage understanding of and appreciation for public interest in the arts, crafts and sciences of television.

As a professional organization serving the New York area, we endeavor to educate and act as a resource to our members and the industry.

We award the Emmy® for talent and ability in composition, creation and performance of works which strive to improve the quality of television and other visual media.

Tonight, we recognize outstanding achievement, we encourage the pursuit of excellence and promote the highest standards of quality in professional, technical, and personal achievement in the arts and sciences of television by conferring the industry's classic and most coveted peer-recognition symbol of distinction, the Emmy®.

## *A Message from the Chapter*

Welcome to a celebration of excellence.

The Emmy® Award is the industry's classic and most coveted symbol of accomplishment.

This year, at our 68th Annual New York Emmy® Awards Gala and our Creative Arts Ceremony, we will present Golden Lady Statuettes in 196 English, Spanish & Bilingual categories, and 42 Statuettes at our 3rd Annual New York Sports Emmy® Awards.

Over our sixty year history, the New York Emmy® Awards have never been as competitive as they are now. Of our record 2,148 entries from all across the region, judges determined that more than 960 were worthy of winning nominations. That is a testament to the outstanding quality of your work.

Often, we are asked who is judging our work. This year, we exchanged judging assignments with 13 of our 19 sister chapters, including the Boston/New England, Chicago/Midwest, Lone Star, Mid-Atlantic, Southeast, Southwest and Upper Midwest chapters.

At our awards ceremonies this year, the New York Chapter is pleased to bestow its highest honor, a Governors' Award, to two distinguished broadcast icons, PIX11 Senior Correspondent Marvin Scott and John J. Filippelli, a longtime Executive of the YES Network.

PIX11 Senior Correspondent and multiple New York Emmy® Award winner Marvin Scott has graced television screens for over 50 years. A proven expert in both print and broadcast media, the New York State Broadcasters Association Hall of Fame member began his career as a teenager. Over his prolific career, Scott has interviewed six American presidents and taken viewers along on many national and international assignments, including frontline coverage in the Middle East. As a proud supporter of our nation's service members, the Bronx native has spent many Christmas holidays with New York soldiers in Iraq and Afghanistan. Scott will be honored at the 68th Annual New York Emmy® Awards Gala.

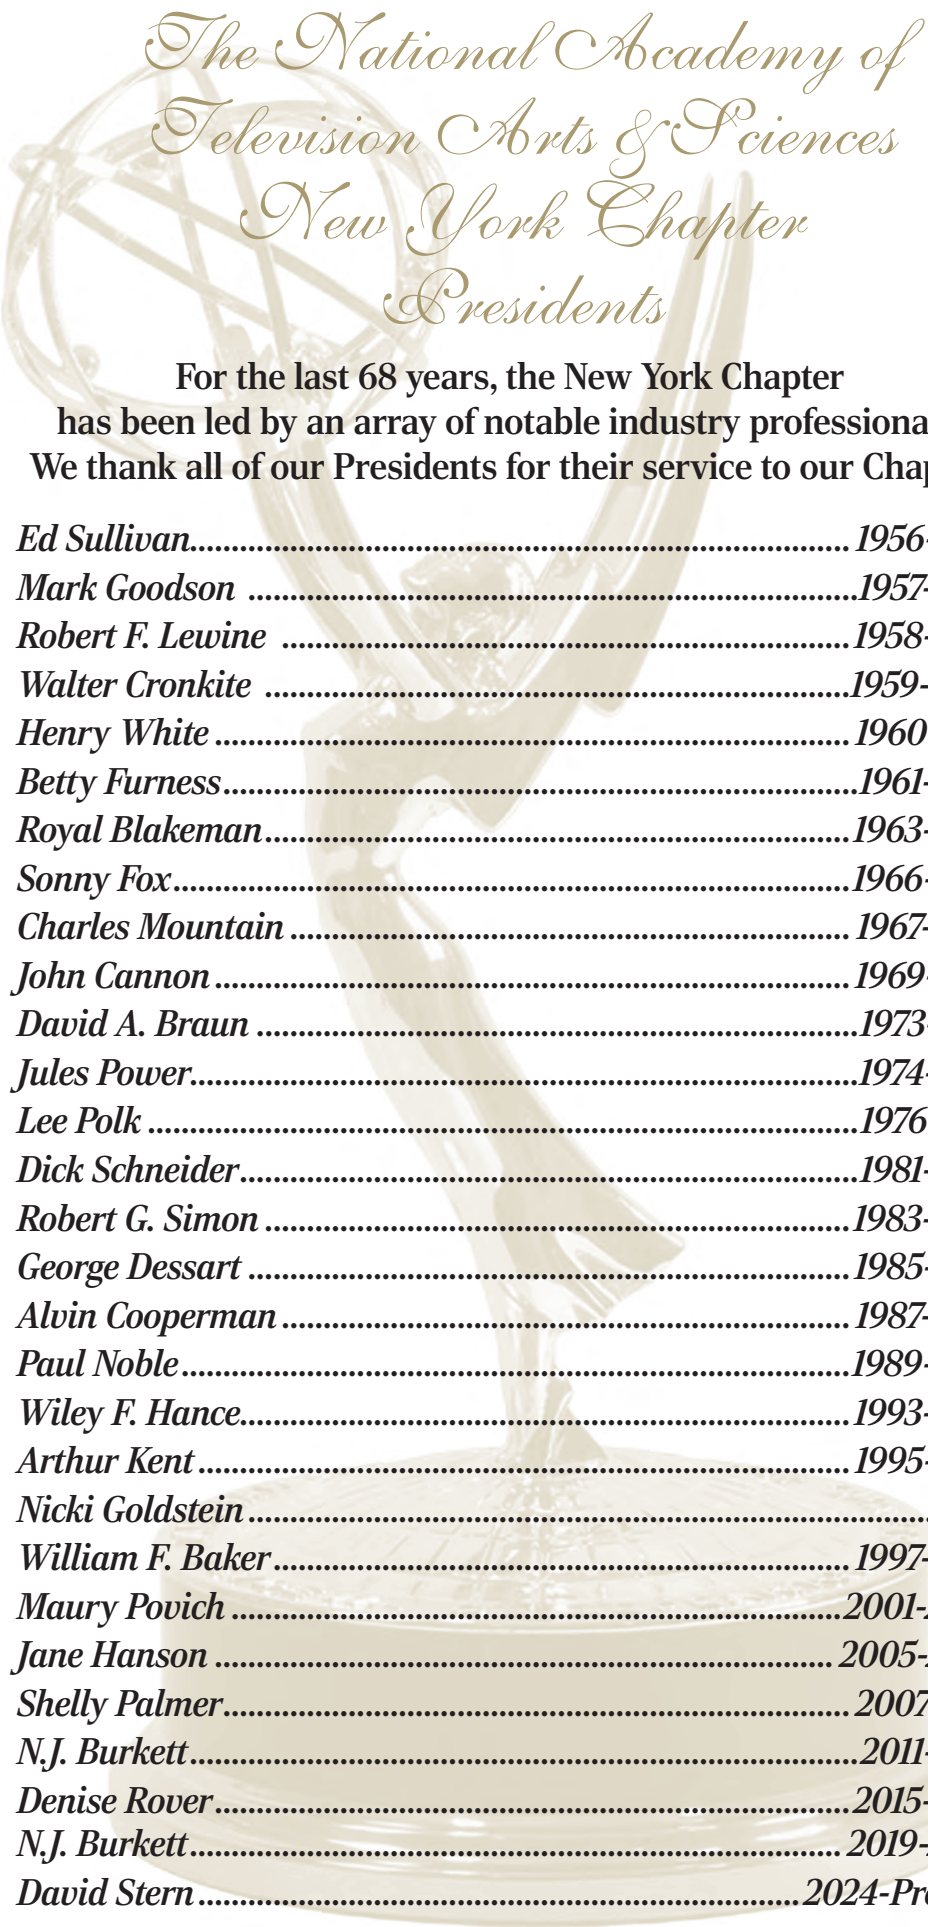

At our 3rd Annual New York Sports Emmy® Awards ceremony, we honored the distinguished Senior Advisor of the YES Network, John J. Filippelli. Before transitioning to his current role, he oversaw all on-air content for the YES Network. With more than 200 national and local Emmy® nominations, Filippelli was also inducted into the Sports Broadcasting Hall of Fame in 2021. Throughout his more than 50 years in television, the Brooklyn native has been responsible for several "industry firsts." Speaking of firsts, as a teenager, Filippelli started working as a vendor at Yankee Stadium.

With our 68th Annual Ceremony falling in October, we would be remiss if we didn't offer a Halloween themed Governors' Afterparty following the Saturday night ceremony. Join us at the Hard Rock Café, where an open bar, food, music, dancing, and masks will be available for all attendees.

These awards ceremonies would not be possible without your support and the hard work of our Chapter President, David Stern, Executive Director Mike Kostel, Events & Awards Director Lauren Wanko, the New York Chapter Awards Committee, Board of Governors and our volunteers.

Good luck to our many nominees and congratulations to those of you who receive the coveted Golden Lady named EMMY®!

# *The Governors of the New York Chapter Honor*

## **Marvin Scott**

*Each year, the Governors award an Honorary Emmy® to recognize outstanding achievements that are extraordinary and unique, falling beyond the scope of our annual Awards.*

*This year, we honor a broadcaster and journalist whose accomplishments are truly deserving of this distinction.*

A member of the New York State Broadcasters Association Hall of Fame and recipient of 13 prestigious Emmy awards for journalistic achievement, Marvin Scott has done it all. Since joining WPIX in 1980, he has served as anchor, reporter, host and producer. Scott is currently the station's Senior Correspondent.

A veteran journalist with over 60-years experience in both print and broadcast mediums, Scott's background includes local, national and international assignments. He previously anchored "INN Midday Edition" and nationally syndicated "USA Tonight Weekend." For 27 years he was anchor/host of the weekly "Eleven News Closeup."

Prior to joining WPIX, Scott was an anchor/reporter at WNEW-TV (now WNYW-TV). He held previous positions as anchor, correspondent and producer at CNN, Mutual Broadcasting System, and WABC-TV. In the print media, he was a feature writer for the New York Herald Tribune and a Contributing Writer to Parade Magazine. Scott began his media career as a teenager, chasing fires and news stories with his camera. At the age of 14, he sold a photo of a raging fire to the NY Daily News.

Scott's assignments have taken him from the front lines of Iraq, Cambodia and the Middle East, to the highways of America's South, where he covered civil rights protests with Dr. Martin Luther King Jr. He spent five Christmas holidays with New York soldiers in Iraq and Afghanistan. He has interviewed six American presidents.

In addition to the 13 Emmy wins, Scott has received more than 50 Emmy nominations. During visits to the Middle East, he interviewed Golda Meir, Yitzhak Rabin and Yasser Arafat. In New York, he has covered every Mayor since John Lindsay. A veteran reporter of the U.S. space program, Scott has witnessed the launch of numerous missions. He's pulled 9 Gs in an F-16 jet, circled beneath the Long Island Sound in two nuclear attack submarines, and he rang the closing bell of the New York Stock Exchange.

He is the author of "As I Saw It---A Reporter's Intrepid Journey," a collection of some of the more unique stories of the estimated 18,000 he has covered over the past six decades.

A graduate of New York University, Scott's professional honors include citations in the Congressional Record for his "responsible reporting." Associated Press Broadcasters awarded his reporting of the Three Mile Island nuclear plant accident.

A native of the Bronx, Scott has been installed in the "Bronx Walk of Fame," and the "Bronx Jewish Hall of Fame." He is a recipient of the Ellis Island Medal of Honor for Distinguished Americans.

Scott is also an accomplished photographer whose work has been exhibited in New York galleries. A photo he took of JFK is in the Library of Congress. Scott is married to the former Lorri Gorman. He is the father of two adult children, Steven and Jill and has three grandchildren.

In writing the forward to Marvin's book, Dan Rather said: "The dictionary defines intrepid as 'being of resolute fearlessness, fortitude and endurance.' That is exactly the right word to describe Marvin Scott's journey as a lifelong reporter---and to describe the man himself. It fits Marvin like a bespoke suit."

# *The Judging Process*

The determination of broadcasting excellence culminating in the awarding of the New York Emmy is the work and responsibility of the dedicated judges who comprise Blue Ribbon Panels.

This year, the New York Emmy Awards entries were judged by Blue Ribbon Panelists from regional television stations, networks, cable services, and independent production facilities who were often themselves Emmy winners. Careful attention was paid to impaneling judges who would represent a balance of news, programming, and sports areas together with various craft disciplines. Additionally, The National Academy of Television Arts & Sciences is dedicated to ensuring that all Spanish language and several bilingual categories are judged by speakers fluent in both Spanish and English.

The entries were judged to standards of excellence, in accordance with the guidelines set forth by the National Awards Committee of The National Academy of Television Arts & Sciences. In all, the judges screened hundreds of hours of programming from over 2100 entries. From those, nominees were selected in 237 categories. All entries aired between January 1, 2024 and December 31, 2024.

At the completion of all screenings, the independent firm of Lutz & Carr, Certified Public Accountants, LLP, tabulated the ballots and verified qualification certificates. A NY Emmy Award is conferred when a total point score reaches a specific cut off point; if this cut-off point is not reached, no award is given.

**This year's entries were judged by professionals  
assembled by the following National Academy  
Regional Chapters:**

**BOSTON/NEW ENGLAND,  
CENTRAL GREAT LAKES, CHICAGO/MIDWEST  
LONE STAR, MID-AMERICA, MID-ATLANTIC,  
NATIONAL CAPITAL/CHESAPEAKE BAY,
